THE
TRAILBLAZER
ARSENAL BOX

The Trailblazer™ Box Inspiration

Among the many lessons learned this year, taking time to slow down and enjoy the simple things in life is one of the best reminders for all tradesmen.

Life moves too quickly and despite the challenges we are facing in business and health this year, it is key to enjoy each moment, or Carpe Diem as some would say.

When we put together the Trailblazer Box, we wanted to give our Arsenal™ subscribers some versatile items to help achieve that Work Hard - Play Hard mantra we live by.

While the theme is TRAILBLAZER, all of these items can be used at work or repurposed for another use. Enjoy your unboxing and get ready to hit the trails!

Share your unboxing experience on Social Media and tag us to win an extra item in your next box!

WHAT'S IN YOUR BOX >>>

Bullet™ Blade

REL261
1.5" W x 12" L

\$42

It's surefire! Bullet™ Blades are elongated, rounded blades designed to cut from all angles. This blade makes side-to-side cutting through wide beads of urethane a breeze.

Large Anchor Cup

LAC405

\$30

Arsenal™ brings the bigger and better. The larger cup provides a strong grip to prevent sliding while under pressure. Perfect for securing the end of your cord and wire as you complete the removal process.

Blade Handle

MEH234

\$19

A perfect pairing for your Bullet™ Blade is Equalizer's lightweight aluminum handle which can be used with Equalizer® Express™ and Bullet™ Blades.

Blade Sharpener

SFE329

\$19

To get the best performance, it is important to put a good edge on your blade before each use. This sharpener will do a quick touch up that brings the blade back to a chisel-type, razor-sharp edge in about 10 seconds. Easy and compact!

MagnaCup™

MC990

\$10

MagnaCup™ is the magnetic holder that everyone is raving about! It takes the hassle out of keeping up with small parts while you work. MagnaCup™ instantly grips to most metal objects while protecting finished or painted surfaces.

What is better to blaze those trails with than a lightweight, stylish backpack to hold all of your hiking essentials?

Equalizer Backpack

COWBOY CAMPFIRE COFFEE

INGREDIENTS

- Large coffee pot or kettle
- 2 Tbsp. finely ground coffee per 8 oz. of water
- Water (fresh spring water if you've got it)
- Heat source

DIRECTIONS

- Measure the amount of pure, fresh water you put into the pot. Bring the water to a boil.
- Remove the pot from the heat and allow it to sit for 30 seconds to a minute to make sure it's off the boil. Add two tablespoons of finely ground coffee to the pot **FOR EACH 8 OUNCES OF WATER**. Stir the grounds into the water. Rest two minutes. Stir again and rest for another two minutes.
- Then sprinkle half a cup of cold water on the grounds. Carefully, pour out the coffee so the grounds remain near the bottom of the pot and what you get in your cup is rich, delicious coffee.
