

Equalizer consults with a team of inventors from around the world who collaborate with us to provide the highest quality tools to make the technicians job easier every day. The Equalizer catalog currently displays hundreds of ideas and products designed by Equalizer Inventors.

If you have invented or developed an original tool or idea for the Auto Glass Industry and would like to discuss Equalizer marketing or even producing the product for sale, please fill out the attached Project Invention Disclosure Agreement and mail it to us at:

Equalizer Industries, Inc.
Attn: Equalizer Inventors Program
2611 Oakmont Drive
Round Rock, Texas 78665

Please include any or all of the following:

- **Preferably** a working prototype (Doesn't have to be anything fancy)
- Pictures of the invention itself and it being used
- Video of invention in use
- Drawing/diagram of invention idea

Thank you,

Equalizer Industries, Inc.

Project Invention Nondisclosure Agreement

Agreement between Equalizer Industries, Inc. a Texas corporation having an office at 2611 Oakmont Drive Round Rock, Texas , 78665, hereafter referred to as "Equalizer" and the disclosing party, hereafter referred to as "Discloser," on the date executed by Equalizer below.

Discloser represents that he has invented, developed, or designed a tool, process, or idea, (hereafter referred to as the "Invention"), that they wish Equalizer to evaluate. Discloser desires to disclose to Equalizer certain material that Discloser considers confidential and proprietary and desires Equalizer to maintain such material in confidence.

Equalizer desires to receive information regarding the Invention under the terms set out in this Agreement. Now Therefore, in consideration of the mutually binding terms and conditions contained herein, the parties agree as follows:

1. Discloser shall disclose to Equalizer technical drawings, other written description, or samples of the invention (hereafter referred to as the "Disclosure Material").
2. Equalizer shall use such care as it uses with respect to its own confidential information to maintain the Disclosure Material and the information contained therein in confidence for a period of two (2) years from the date of this Agreement, unless otherwise authorized by Discloser in writing.
3. Within a reasonable time after receiving Discloser's written request, Equalizer shall return to Discloser all of the Disclosure Material and copies of such material made by Equalizer.
4. The confidentiality provisions of paragraph 2 of this Agreement shall not apply to any material:
 - (a) which was developed by Equalizer or a third party prior to the date of this Agreement as evidenced by written documentation;
 - (b) which is now or hereafter becomes, through no fault of Equalizer, published information or otherwise known to a third parties on a non-confidential basis;
 - (c) which has been heretofore or hereafter disclosed to Equalizer by another in the form of written documentation, and on a non-confidential basis; or
 - (d) which is not marked "CONFIDENTIAL."
5. This Agreement shall be governed by and construed according to the laws of the State of Texas. Any action arising under or involving this Agreement shall be brought in a court of competent jurisdiction in Travis County, Texas.
6. This Agreement constitutes the entire understanding of the parties with respect to the Invention and the Disclosure Material and supersedes all prior oral or written agreements of understandings of the parties, and shall not be amended except in writing duly executed by the parties.
